FOOTPRINTS

For I dipt into the future, far as
human eye could see,
Saw the Vision of the world, and
all the wonder that would be;

Till the war drum throbbed no
longer and the battle flags
were furled

In the Parliament of Man, the
Federation of the world.

DEDICATION

We, the annual staff of 51, respectfully dedicate this issue of "Footprints" to Miss Belle Hockaday, teacher of English and French. She has generously devoted her time toward our education. We will always love and remember such a fine teacher and friend. We say sincerely, "MERCI BEAUCOUP, MISS HOCKADAY."

Belle Hockaday

FACULTY

Well, here we are, teachers and students, working on another annual, and I am again permitted to express to each of you my appreciation for your part in making this one of our best years. Daily you are showing that spirit of loyalty, good will and cooperation that is not surpassed in any high school. Keep it up! Help us to make a school in which you can take pride not only now but in after years.

With best wishes, I am,

H. H. Hamilton

SENIOR CLASS HISTORY

Remembering everything. Truly happy.

It all began in the year 1939 when our class, more in number and less in age, grasped eagerly with chubby fingers the first round on the ladder we have climbed to reach our present status. Our first eight years were spent in preparing us for our four wonderful years in high school.

We were thoroughly divided during our Freshman year. We branched out to suit better our individual interests. We were given the choice of three different elective subjects. Those boys who were interested in Agriculture tramped off to the Ag. Building with Mr. Blackmon as their sponsor. Those girls more interested in domestic work went to the Home Ec. Lab and were sponsored by Miss Kernoodle. The remaining boys and girls who were more interested in other fields of work chose Science as their elective and were sponsored by Mrs. Walker. We were together in spirit although we were divided physically. Each of us rejoiced when Mrs. Walker's section of the freshmen class, our freshmen class, won first prize in Stunt Night.

How pleased we were to be back together again as Sophomores. We were just that much nearer to our goal. We really felt that we could begin functioning as a class again. We were exceedingly proud to see members of our class obtain positions on the Lillingtonian and Footprints Staffs, the basketball and baseball teams, and become members of the Beta Club.

We continued to climb ever upward and the next year found us Juniors. We were extremely fortunate to have Mrs. O'Quinn, our Sophomore sponsor, as our Junior sponsor also. She was always looking out for our best interests and giving us a push when one was needed. We really worked like so many busy bees that year. We all enjoyed our Junior Play. The Banquet was ample reward for all our hard work which preceded the great occasion when we said goodbye to our friends and classmates, the Seniors of '50.

With the close of graduation in 1950, there was a vacant space at the top of the ladder we were climbing. With great expectations and shining hopes, we stepped into the position of Seniors. When that day in May comes when figures clad in grey robes cross the stage for the last time as a class, we can receive our diplomas with the assurance that ours has been a full and completely happy school life together.

Dear Leo,

It's been wonderful being in high school with you this year, and practicing ^{the} play with you, and dancing with you at the Teen-Age Club (even if you do make insulting remarks), and in every-thing we've undertaken together. You're one of the best, and a very good friend. I'm looking forward to being in high school with you two more years, and to having a lot more good times.

The best of luck, love, and happiness to you.

Love you loads,

Rena

Leo,

This year I have come to know you better than every. You are swell friend and you will always be remembered for the nice things you have done for people. I have always liked you even though at times I didn't act like I liked you. I am sorry now if I ever did anything to hurt you for now I realize how good you are and how good you have been to me.

Don't forget the good times we have had together on our class parties and also at the play practice. I think the world of you and I am expecting great things of you in years to come.

Well I had better stop for now. Will write some later.

Love Ya,
Marianne

Dearest Leo,

Best of luck and happiness to you always. We have had many ~~and~~ exciting times together. Don't forget the many play practices we did together. Let us look forward to the years of high school we have together.

May you have love, luck, and happiness the rest of your life.

Love to you always,
Sarah

Dearest Leo (and I mean Jr.),

I do appreciate your adding the title for this page because I consider you someone special also. We get along very well to be so closely related. We have had many good times together. Remember
